

## *Excel Establishes Regional Project Support Hub in Malaysia*

Excel is pleased to announce it has established a wholly owned subsidiary, **Excel Consulting and Solutions Sdn Bhd** (“Excel Consulting and Solutions”) with project centres in Cyberjaya and Kuala Lumpur in Malaysia, to provide implementation and maintenance support for projects in South East Asia (SEA). Headed by Ms. Michele Leung, an executive director of the Excel Group, the project centres are staffed with technical engineers to provide high quality software support to companies in Malaysia and Indonesia.

Shortly since its opening, **Excel Consulting and Solutions**, through a series of rigorous assessments, achieved Multimedia Super Corridor-Status (“MSC-Status”), pledging to provide a world-class physical and information infrastructure, through research, development & commercialization on Wealth Management, Islamic Insurance Point of Sale; Sales Performance; Islamic Unit Trust; Islamic Loans Processing; and Securities Systems; and to provide technical support and maintenance services related to the above products.

In spite of its short history, **Excel Consulting and Solutions** achieved an illustrious history of successful implementations, including a Sales Performance System for RHB Bank Berhad, a Unit Trust Processing System for Standard Chartered Bank Malaysia Berhad, a Wealth Management and Insurance Point of Sales System for Malayan Banking Berhad, and performed a Wealth Management Consulting Study for Hong Leong Bank Berhad.
